

Construction Certification Workshop

In these lean times businesses still need safety management and have it delivered in ways that do not impact significantly on cost.

Pinnacle Safety Solutions is an international licensed provider of safety courses and the facilitator of the Construction Certification 1 day workshop.

Successful completion of the workshop will save you money by ensuring you have competent safety contractors working on your site. If you want the tools to meet compliance and have your contractors certified, then this workshop is for you.

Date:	Saturday (4th, 18th or 25th) February, 2012
Time:	8:00 a.m. - 4:00 p.m.
Registration Deadline:	23rd January, 2012
Cost Per Participant:	BD\$375.00

Who should attend:

Anyone working in the Construction or Maintenance Sector seeking to increase their knowledge and to be able to bid for construction work or avoid costly accidents.

Places are limited, book early to avoid disappointment.
